Driving Section and Reply Event VOD

The screenshot displays the v-track.co.kr web application interface. The main area is divided into several sections:

- Replay**: A map view showing the driving path. A red pin marks the current location. The map is labeled "Location Map".
- History line**: A vertical timeline on the right side of the map, showing a sequence of events. A red pin marks the current location on the history line.
- Playback speed**: A dropdown menu set to "x10".
- Event Type**: A list of events, including "Manual Emergency Call" and "VOD Request".
- Playback**: A video player showing the driving footage. A "Download" button is visible.
- Download to Desktop**: A button to download the video to the desktop.
- Speed Graph**: A line graph showing speed over time. The y-axis ranges from 0 to 250.
- G-Sensor Graph**: A line graph showing G-sensor data over time. The y-axis ranges from -5 to 5.

At the bottom, there is a table of driving data:

Speed	Latitude	Longitude	Direction	G-Sensor X	G-Sensor Y	G-Sensor Z	G-Sensor Sum
0 km	37.229888	126.392731	331.67	0.875000	0.062500	0.562500	1.042083
